Data Sources

Many sources contained many files of varying sizes. Below are links to each one.

Appendix:

Kaggle – Zillow Economics Data (https://www.kaggle.com/zillow/zecon)

Housing data from April 1996 through August 2017 related to US domestic home sales. The dataset offers insight into housing types, delineation between bedroom/bathroom count, square footage, by state, count, and neighborhood in some instances.

Kaggle – Food Deserts in the US (https://www.kaggle.com/tcrammond/food-access-and-food-deserts)

Kaggle – Hospital Ratings (https://www.kaggle.com/center-for-medicare-and-medicaid/hospital-ratings)

Kaggle – USA Public Schools (https://www.kaggle.com/carlosaguayo/usa-public-schools)

Public Schools (k-12) in US for 2014-2015 as defined by Common Core Data, National Center for Education Statistics, and US Department of Education.

Kaggle – Starbucks locations (https://www.kaggle.com/starbucks/store-locations)

Kaggle – Target locations (https://www.kaggle.com/ben1989/target-store-dataset)

Economic Data – fed funds rate, inflation, median income (https://fred.stlouisfed.org)
